Re: *Planned Investigation Activities and Request for Access  
Bremerton Gas Works Superfund Site*

Dear Mr. Martin:

I write to you on behalf of Cascade Natural Gas Corporation ("Cascade"). Cascade is performing investigation activities (Work) within Port Washington Narrows relating to the Bremerton Gas Works Superfund Site (Site). Cascade has retained Aspect Consulting LLC and AnchorQEA LLC to perform the Work. The Work is described in detail in the enclosed Final Remedial Investigation/Feasibility Study Work Plan, dated May 31, 2017 ("RI/FS Work Plan"). The RI/FS Work Plan was approved by the United States Environmental Protection Agency ("EPA") on May 26, 2017.

Most of the Work planned in Port Washington Narrows is being performed in accordance with an access agreement entered into between DNR, Cascade, and EPA, dated April 19, 2017. The remainder of the Work in Port Washington Narrows will take place on tidelands owned by the City of Bremerton ("City") that are identified in the property records of Kitsap County as Tax Parcel Nos. 112401-2-025-2001, 112401-4-003-2003, and 3965-003-001-0000 (collectively, "City Property").

The purpose of this letter is to request permission for Cascade to access the City Property to collect sediment samples, as required by the RI/FS Work Plan. Approximately four surface sediment samples will be collected from the City Property. Cascade has scheduled the sample collection to occur on either July 19 or July 20, 2017.

July 11, 2017  
Mr. Chal Martin  
Page 2

Because the sampling is scheduled to occur shortly, we kindly request a response to this letter no later than July 14, 2017.

Sincerely,

VERIS LAW GROUP PLLC

HOWARD F. JENSEN
